**DETAILED ACTION**

***Reasons For Allowance***

1. Claims 1-22 are allowed.
  
  
2. The following is an Examiner's statement of reasons for allowance:
  
3. The cited prior art taken alone or in combination fails to teach the claimed invention of validating a data block as claimed by Applicant. Specifically, independent claims 1, 9, and 15 disclose the calculation of validation information about the metadata from the data block.
  
  
4. The closest prior art of Bowman-Amuah<sup>1</sup> teaches the validation of data blocks in block-based communication, but fails to teach or suggest the calculation of validation information about the metadata from the data block. To the extent that this feature is not present in the prior art cited by Examiner, the present case is found to be allowable over the art of record.
  
  
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
